Letter from Governor

Dear Friends,

I am pleased to present to you the 2018 Annual Report of the Governor's Commission on African Affairs. This report highlights the dedicated work of the Commission over the past year.

I would like to thank the Commissioners for their review and recommendations throughout the process. You remain committed to honoring the legacy your community has made and celebrating the diversity in this great state. My administration will continue to share your rich heritage with other citizens and pass over your contributions to the next generations to come.

I would like to ask all of you to continue to participate in civic engagement and collaborate with the Commission. The 2020 census approaches, and the role of our communities is enormous. Your voice should be heard. You are the ones who can address the unique needs and strengths of your community. Our administration will do our best to share important information and opportunities for community improvement through the Commission.

I would like to congratulate the Commissioners on this accomplishment again and show appreciation for leadership and commitment.

Thank you for empowering Marylanders and our communities. I look forward to working with you further in the future.

Letter from Executive Director

Dear Friends,

The strength of Maryland comes from the diversity and vibrancy of our communities. Their distinctive culture and traditions make Maryland more embracing and inclusive. The Governor's Commission on African Affairs has taken an important role to engage, educate, and empower those communities. The Commission has assisted the Hogan Administration in focusing on how it can change Maryland for the better, especially for ethnic populations.

Through our cultural and ethnic commissions, we are educated about African community's beautiful culture, history, and heritage. More importantly, we have been able to address the issues your community faces and to stand together to find solutions suitable for you. The 2018 activities, projects, and initiatives of the Commission improved our neighborhoods and strengthened their solidarity.

I would like to congratulate the Governor's Commission on African Affairs and each of the Commissioners who serve as representatives for Governor Larry Hogan and your respected communities. Congratulations to Chair Ngozi Azubike as her dedication is truly appreciated.

I also would like to applaud the Commission's Administrative Director Kevin R. Craft for his continued support and hard work.

With your perseverance of participation and leadership, the Commission will continue to meet its goals and vision.

Thank you.

Steven McAdams
Executive Director
Governor's Office of Community Initiatives

Letter from Commission Chair

Dear Distinguished Officials, Community Leaders and Friends,

It is my pleasure to present to you the Governor's Commission on African Affairs' 2018 Annual Report.

In an effort to continue moving our initiatives forward and expanding on the success of the previous years, the Commission focused its efforts towards building a stronger and more dynamic work plan to better meet the needs and concerns of Maryland's African diaspora.

During 2018, the Commission was pleased to work with the Governor's Office of Small, Minority, & Women Business Affairs, Maryland's Secretary of State's Office, and all of the Governor's Ethnic/Cultural Commissions on several "Legislative Nights" that serve to introduce the Governor Hogan's most current legislative agenda, with the express goal of engaging our community members on issues that are most important to our communities.

For 2019, the African Commission is looking forward to further developing more of a "grassroots" effort to reach Maryland's African diaspora where they live, work and worship. Governor Hogan's objective to "Change Maryland for the Better" is alive and well within his Commission on African Affairs.

Thank you,

Ngozi Azubike
Chair
