Maureen Regan – Communications Director, GCO. She informed everyone about the coverage of APAHM 2022 celebration. Three different photos, featuring the first lady and many of our distinguished guests. Also, Getty Images attended the event in addition to the first lady's photographer. There was also some coverage via Deba online, and also pick up and video coverage from next TV. She spoke about the new version of Maryland Gov, which was launched last week. The Governor issued a press release announcing the new version of the website, and what it represents is a more unified and more mobile friendly experience. The redesign was based on industry, best practices and employees. The latest mobile technology and web specifications and it's going to be an ongoing redesign. We have also launched the redesign of our Governor's Coordinating Offices website homepage as well. The last thing she wanted to update everyone, is that she has recently created a new account on Twitter, which is called Maryland GCO. This is to aggregate all of the content that comes out of the coordinating offices and also use it as a supplementary way to amplify our messaging for various events, happenings, initiatives. Anything that comes up on the calendar, things that we want to talk about. If you have any ideas for content, please reach out to Maureen.
